

Purification, freezing, and thawing of 3D7 *P. falciparum*-infected red blood cells and antibody-dependent cellular cytotoxicity (ADCC) assay

SL Savannah N. Lewis PJ Prasanna Jagannathan SL Savannah N. Lewis

Updated date: Mar 14, 2023

 An abbreviated version of this protocol was published in Science Translational Medicine in Jan 2023

Malaria-driven expansion of adaptive-like functional CD56-negative NK cells correlates with clinical immunity to malaria

DOI: 10.1126/scitranslmed.add9012
